NINE VIE FOR CITY OFFICES

Interest in the City Council election on April 10 took a definite upward swing this week with nine candidates filing for the three positions that will be open on the council.

The last to file just before the noon deadline last Thursday, was Mrs. Carolyn Payne, a teacher in the Moorpark School, who also was a candidate in the two previous City Council elections. Mrs. Payne has been married since the last campaign. In the two previous city battles she ran as Carolyn Coons. In the 1954 election she ran a close sixth when five councilmen were elected.

Oppose Present Council

Although it was too early in the campaign for issues to be clearly defined, two candidates, Perry M. Hull, 739 Fewtrell, and E. Jerry Collins, 769 McBain, indicated this week that they opposed the methods used by the present Council in negotiating for the purchase of the Congretional Church and converting it into a city hall.

Collins, a machine shop foreman, has lived four and one-half years in Campbell and was one of the original members of the auxiliary police as a sergeant. He feels that both the police and fire departments are undermanned and also believes that more facilities should be made available for the youth of the community. Born in Oakland and a veteran of seven years in the Navy in World War II, he and his wife Martha have two children, Denis, 16 and Carol, 9.Collins has been active in Boy Scout work, Mrs. Collins in Girl Scouts.

Hull, a carpenter, has lived eight years in Campbell and was formerly a deputy constable. He is a member of the auxilary police now. He and his wife Ruth have three children, Larry, 18, Iva, 16 and Betty, 13. He is also a Navy veteran of World War II. He also feels that both the police and fire departments are undermanned and underpaid.

Another candidate who is now employed as a machinist but has had accounting training is Fred T. Burt, 329 Sunberry Drive, who is married to the former Mary Prestigiascomo, lifelong resident of Campbell. They have three children. He is a veteran of World War II and after the war received his degree in accounting and was employed as business manager for the School of Cerebral Palsied Children in Redwood City. He is now employed as an expeditor at Westinghouse Electric Corp. in Sunnyvale, and is a member of the International Association of Machinists.

"Cheery Farmer"

T. M. (Ebb) Bohn, 47 N. Central, has been a resident of Campbell since 1922 and is married to the former Helen Crow, a graduate of Campbell Union High School. He is now with Richmond-Chase Co. in San Jose and also has a radio program, "Stars in the Future" which is made up of children. He has been active in public relation work and entertainment and is the "Cheery Farmer" at the county fair. He has been in vaudeville and has had several bit parts in motion pictures. He worked with Roy Rogers and the Sons of the Pioneers a number of years ago. He is a member of the 1955 Grand Jury. He believes his experience in public relations will be beneficial to the city.

Myron Fairchild, 49 Budd Ave., has lived in Campbell since 1952 and since January has operated his investment and insurance office at 211 C E. Campbell Ave. Prior to that his office was located in San Jose. He lived in Burlingame for a number of years and was born in New York State where he attended Syracruse University. He is a veteran of World War I. He said he is sincerely interested in Campbell and its people and wants to take an active part in civic affairs.

The two incumbents who have filed, John Chargin, an attorney, and Charles Rose, a merchant, have both given much of their time to city affairs during the past two years and they both feel that they would like to continue on the Council so as to see some of the projects that have been started carried out to a succesful conclusion.

Claude R. Smith, 239 E. Campbell, a real estate salesman, was also a candidate in the city election in 1954.

Norm Corvello, of the Campbell Hardware Co., is now more than ever convinced that advertising pays. Norm, along with most Campbell merchants, advertised in The Press during the recent successful Dollar Days in Campbell. He became involved in other business and forgot the big event was taking place until customers began arriving asking for the special that was in his ad in the paper. Norm hastily and cheerfully then brought 'em out for display.

Washington's Birthday on Wednesday was celebrated very quietly in Campbell. There was no school and the city offices and some businesses were closed . The blustering weather with heavy rains on that day and the days prior to it reminded local residents that it was fortunate climacally anyway that Old Settlers' Day had been changed to May. Previous to last year the celebration had been held on February 22.

New 'Jog' for Hamilton Gets Hearing March 15

Campbell's Planning Commission will get a respite at the next meeting (March 1) from the controversial question of the "Hamilton jog". But it will be back on the agenda for the March 15 meeting.

An overflow crowd, made up chiefly of interested residents in the section on Hamilton affected by the proposed curve in the road, attended last Thursday's meeting when a new hearing on the matter was set for March 15.

At the hearing a new plan for the eventual widening of Hamilton Ave. to 120-feet will be presented. The new plan has a more gradual curve than the original plan which called for a 15-foot offset in a distance of 250-feet. The City Planners turned down the original plan last Thursday, after Mayor Richard Morton, acting as city traffic engineer, had reported that such a "jog" did not meet the minimum safety requirements.

After formally rejecting the plan, the planners adopted a resolution setting the hearing on the plan for a more gradual curve. The 15-foot offset would be in a distance of 450-feet under the new deal which is satisfactory to all traffic safety standards.

The controversy over the curving of the street began when the city engineer's office presented the plan for the eventually widening to 120-feet of Hamilton Ave.. from Central to Winchester. The engineers pointed out that with a 15-foot "jog" it would only be necessary to purchase property on one side of the street which would save the city approximately $50,000. Residents of the area strenuously objected to such a suggestion, claiming that equal portions should be taken from both sides of the street.

When it will be necessary for street to become a 120-feet in width is still a matter of conjecture. However, the engineers explain that this indefinite future planning is necessary in order to make the improvements that are called for now. Property that eventually will be obtained must of necessity be "frozen", they point out.

In other business last Thursday, the planners declined to change their adverse recommendation on rezoning property of Mrs. Mary Fabbri on the southeast corner of El Solyo and Winchester Road. The City Planners had objected to a nursery on that location, although it lies outside the city limits. The County Planning Commission had asked for the local viewpoint because of its proximity to the city. The planners felt that it was not in keeping with the master plan of the city.

Despite both a written and verbal plea by Wade Hover, attorney for Mrs. Fabbri, the commissioners stuck to their guns.

The commissioners also granted A. M. and H. H. Poniatoff and A D. Nearon a variance to construct three-unit dwellings on a 6000 square foot lot in the Ampex subdivision. The commissioners had previously committed themselves to such action.

R. V. Frazier of 742 El Solyo, is at San Jose Hospital recuperating from an emergency appendectomy last Monday.

Planning Pangs!

Although the "Hamilton jog" question will not be before the City Planning Commission at its meeting on Thursday, March 1, it is expected that a number of residents will be present and objections will be raised when the Planners take under advisement (1) a proposed cover and fill dump on the Los Gatos Creek; (2) a zone change for three parcels from R-1 to M-1-S on Whitehall St. and (3) a zone change from R-1 to R-3-S at 120 W. Campbell Ave.

Nestor Barrett, planning consultant, informed the Commission last Thursday that George Bumb had applied for a use permit for a cover and fill rubbish disposal yard on the creek between Campbell and Hamilton Aves. He explained that the purpose of the dump would be to eventually fill the six-acre site and reclaim the land.

In the other two matters, residents adjacent to the properties up for rezoning plan to be present to ascertain the purpose of the change to determine what the effect would be on their properties.

Council Acts on House Numbering Monday

Campbell's confused state of house-numbering moves another step closer to being permanently unraveled next Monday night when the public hearing on the master-plan takes place at the City Council meeting.

The hearing Monday will be the third that has been held on the new master plan devised by Nestor Barrett, planning consultant. The two prior ones were held by the Planning Commission on December 15 and January 19.

No Interest

Based on the interest shown at previous hearings, apparently the citizenry of Campbell are in almost total agreement that the new plan should be instituted. According to all records, only one protest has been lodged against the adoption of the system (and that lone protestant changed her viewpoint when the system was explained.)

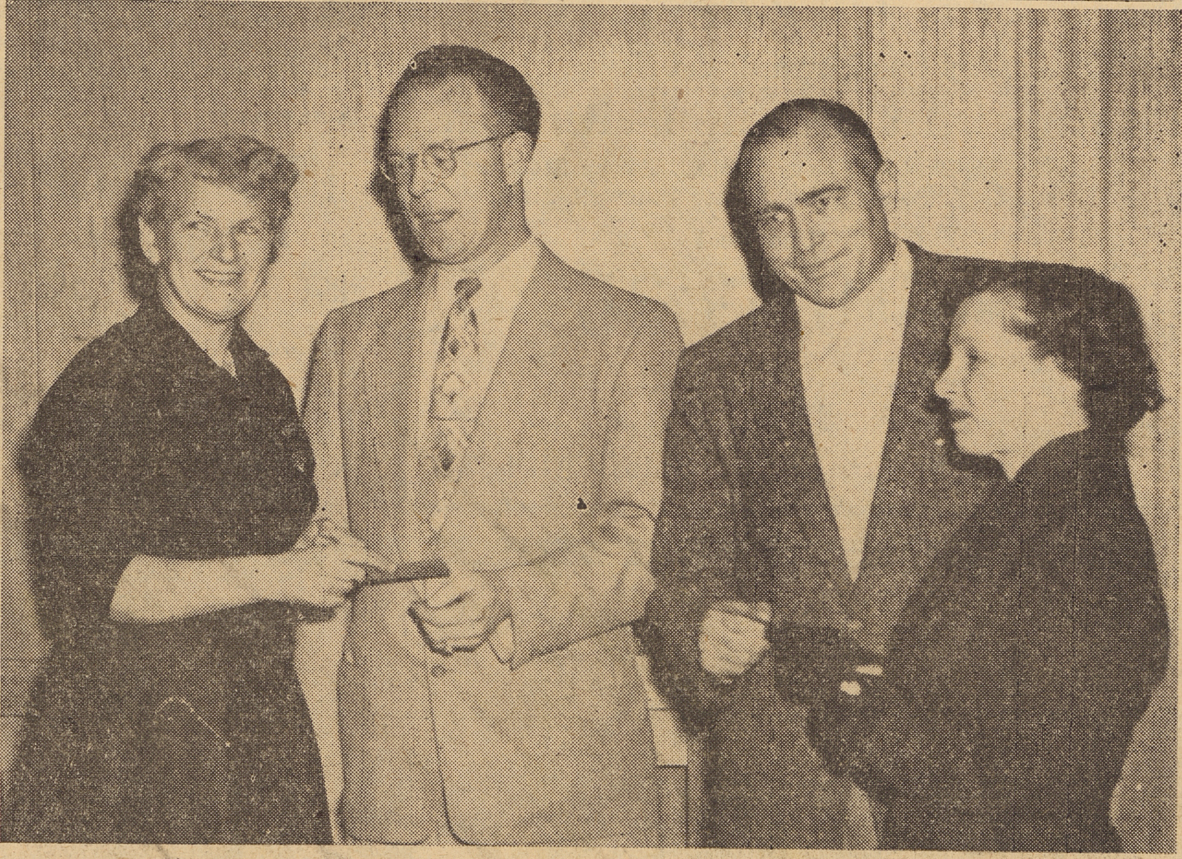
Although the new number plan will affect almost every home and business, residents have been conspicuous by their absence at the hearings. There is no indication that things will be any different on Monday.

In all probability the Council will approve the ordinance after holding the hearing.

Under the new plan, there will be 1000 numbers issued per mile regardless of the street intersections. Campbell Ave. will be the north-south point of beginning and Winchester Road the east-west. Thus location of building can be determined by checking the speedometer reading.

The change in the numbering in Campbell is expected to be the last that will be necessary. Twice previously house numbers have been changed. Until the new plan was instituted by the Planning Commission, the problem was in the hands of the local post office. Barrett, when introducing the new system, pointed out that Ira Grim, Campbell postmaster, had made an honest effort to do the jub but the rapidly developing area and the many new streets caused unavoidable confusion.

Postmaster Grim was directed by postal officials during the latter part of the year to discontinue issuing house numbers.



RECEIVE HONORARY AWARDS . . . Dean Chamberlin, second from left, receives honorary life membership award from Mrs. Eugen Andres, Jr., left, on behalf of Camden High School PTA, and L. E. (Bill) Means, second from right, receives a similar award from Mrs. LBen Howard of Campbell High School PTA. Camden High School was host at a combined meeting in observance of PTA Founders Day on February 15. Chamberlin, principal at Camden High School, received the award for his leadership in establishing the PTA in the new school. Means, local druggist and president of Campbell Grammar School board of trustees, was cited for his participation in child welfare work in the community.

Relieves Double Sessions

D. M. Bagby School Opens In Cambrian District With 350 In Attendance

With an enrollment of approximately 350 students from kindergarten through the sixth grade, the D. M. Bagby School of the Cambrian School District was getting its "newness" worn off this week, its second week of operation.

The Bagby school, the third in the district (the projected enrollment of the district calls for 10 more in the next 10 years) relieves the overflow in attendance at the Cambrian and Steindorf schools in the district. It eliminates double sessions.

Fourth to be Built

The fourth school of the district, the Martin H. Farnham School, located on Woodward Ave., is expected to be ready for occupancy by next November. The Bagby school draws its enrollment from the northeast section of the district, north of Foxworthy Ave., and east of the San Jose-Los Gatos Road. Steindorf includes that area south of Foxworthy Ave. and east of the San Jose-Los Gatos Road.

D. M. Bagby, superintendent of the district and, after whom the new school was named, reports that confusion during the changeover last week was held to a minimum. He said the 350 students who were to attend the new school staged a "dry run" on the Friday previous to the opening. Thus they were ready to go when the school opened on Tuesday, February 14. Even the cafeteria was in operation the first day.

Superintendent Bagby has been in the Cambrian system since 1944 when he was teacher-principal of the Cambrian school. The enrollment then was 145. The present enrollment is now 1780 and the projected enrollment is anticipated at 8500 in the 13 schools within the next 10 years.

San Jose Blocks

The school district is running into a few difficulties, the superintendent reports, in obtaining approval of the school sites for schools "5" and "6" on Union Ave. These locations lie within the San Jose City limits (the only ones in the district so far) and the San Jose City Planning Commission disapproved the sites at the last meeting. In a previous meeting the planners had approved them. The question comes up again next Tuesday, February 28.

Ted Jones is the principal of the D. M. Bagby School and Bob Kemmpe is the vice-principal and sixth grade teacher. Other staff assignments include Mrs. Aimee Dugan, kindergarten; Mrs. Gertrude Miller and Mrs. Helen Talley, first grade; Miss Darlene Bergman and Mrs. Joyce Jensen, second grade; Mrs. Annette Norberg and Mrs. Georgette Canavero, third grade; Mrs. Rose Vessel, fourth grade; Mrs. Irene Cook, fifth grade; Mrs. Evelyn McFadden, speech; Tony Rapisarda, instrumental music; Frank Canina, vocal music; Miss Kay Anderson, nurse; Mrs. June Gardner, secretary and Mrs. Grace Stroope and Mrs. Janet Catalone, cafeteria.

Carl N. Swenson Co., of San Jose, submitted the low bid on Monday for construction of the Martin H. Farnham School on Woodward Ave. The bid of $458,288 for the 15-classroom and other facilities school, although accepted by the trustees is subject to state approval. Ten bids were submitted ranging from the low of $458,288 to a high of $499,999. Barnhart Construction was the next lowest to the successful bidder with $459,444.

CAMPBELL SOLDIER GOES TO FT. LEWIS

Specialist Third Class George E. Waddington, 20, son of Mrs. Julia Barbara Waddington, 337 E. Central Ave., Campbell, recently was assigned to the 2nd Infantry Division's 38th Regiment at Fort Lewis, Wash.

Specialist Waddington, a gunner in Company I of the regiment, entered the Army in January 1954 and recently completed a tour of duty in Korea with the 24th Infantry Division.

SALES TAX FINDS ROUGH GO IN COUNTY

When the City of Campbell will adopt a sales tax was still up in the air this week, especially after the unofficial statements made by members of the Board of Supervisors.

At a meeting of representatives from the cities in the county with Frank H. Thill, county executive, it was unanimously agreed (1) that the purpose of sales was to furnish needed funds for capital improvements; (2) a uniform sales tax should be adopted to avoid confusion, and (3) cities would retai nthe entire amount collected.

It was this third point that apparently upset the supervisors, who felt that the county should "get a cut" from the monies collected. Under the new law, the state will not handle the collection of the tax unless the county adopts a uniform tax. The board says that unless the county gets a slice the cities will be forced to go along without the state help.

Mayor Richard Morton of Campbell, who attended the inter-city meet, said that the cities are at a loss to know what the county's attitude is in this matter. At no time have the supervisors notified the various councils as to what is desired.

The cities have also asked for an opportunity to present their case before the supervisors, the mayor said, but so far the board has refused to put the subject on the agenda.

C. OF C. NAMES THREE TO BOARD

Plans for Old Settlers' Day, classification of membership and the naming of three new directors occupied the Chamber of Commerce directors at their monthly meeting held Monday night.

George Vierhus, editor and publisher of The Campbell Press; Rex Jeffers, of Jeffers' Mens Store; and Sam Reed, principal of Campbell High School, were named directors by the group.

Discussion over both the date and program of Old Settlers' Day was conducted by Sam Cava, C. of C. manager, who outlined the tentative plans for the celebration. Norm Corvello reported that the "Footlighters" would present a play on Friday night and Cava announced that every organization in the community had been asked to name a representative to the general committee.

Mario Saia of the Double A Market asked that the parade for the celebration be shifted to Sunday from Saturday and it was decided to take poll of the merchants on Campbell Ave. before definitely setting the date.

The new method in classifying members of the Chamber of Commerce was outlined by Milton Nelson, president. All business establishments and professional people in Campbell were given a classification by the board. Laurance Hill was named membership chairman.

MERGED LEGION POSTS SEARCH FOR SUITABLE CLUBHOUSE SITE

Where the clubhouse for the new West Valley Post No. 158 of the American Legion will be located was still anyone's guess this week. But the Campbell contingent of the new combined Post, which is a merger of the Los Gatos and Campbell posts, feels that the site should be within the area that was originally outlined before the merger.

It was agreed when the merger was only in the "talking stage" that the clubhouse would be located in the perimeter formed by Cambrian Park, Los Gatos and Campbell. It was also understood according to Rex Kaber, long-time active member of the former Campbell post, that the clubhouse would not be within the city limits of Los Gatos or Campbell.

Kaber emphasized that no hard feelings has been aroused during this search for a site but that the board which controls the $9000 in the local post's building fund, felt it was necessary to be in agreement on a location before any o the funds should be released. This money was not transferred when the posts merged.

The county planners held up action recently on the proposal of the site committee to locate the clubhouse on Harwood Road south of Blossom Hill Road. A number of residents in that section had protested the location. The Campbell group did not favor this spot in the first place, Kaber said.

This week members of the post were investigating other possible sites and it was expected that one would be found that would satisfy all members. It is estimated that approximately 70 paid-up members of the Campbell post transferred to the new unit. The officers of the former Los Gatos post continue to head the new post but several Campbell legionnaires are expected to be added to the executive committee.

At the final meeting of the executive committee of the Campbell post held on Tuesday evening at the home of Harold Peck, last commander of the local group, it was voted to turn over all property of the local organization to the new West Valley post. The committee also recommended that the building corporation turn over its funds to the same post as soon as practical.

Since 1868, the president of the Mechanic's Institute at San Francisco, has been an ex-officio member of the Board of Regents of the University of California.

San Jose Grab Tactics Hit Snag

Opponents to San Jose's strip annexation into the heart of Saratoga got a new lease on life this week, although they have to go to court to prevent the latest grab by San Jose.

In the fast-moving action since San Jose announced its latest grab, (1) the County Boundary Commission refused to act on the strip annexation of San Jose. (2.) proponents for the incorporation of Saratoga filed their first city papers on their proposed boundaries and (3) the supervisors indicated that they might approve a "greenbelt" which would also forestall annexation proceedings.

Indications were at the week's end that the courts would probably have to decide the questions but momentarily, at least, San Jose's panzer movement had lost its momentum.

But most observers of the scene felt that it was merely a temporary set-back. The would-be empire builders would be off again soon. Maybe in a different direction.

DRIVE OFFICE FOR RED CROSS OPENS HERE

Campaign headquarters for the Campbell area Red Cross annual membership drive were opened this week at 273 E. Campbell. The headquarters will be open from 1 to 4 p. m. daily all during March. The drive opens officially on March 1.

Major Howard Lillingston, campaign chairman for the drive announced today the appointment of Mrs. Howard H. Keech of 561 Old Orchard Road as his vice chairman in charge of the Women's Division (Residential), Division A (advance gifts) chairman will be Raymond B. Bishop, 801 N. Winchester, and Division B (schools), will be handled by Robert M. Culp.

The drive will begin with a kickoff breakfast March 1 at 9:00 A. M. at the high school administration building at 101 N. Winchester Road, with workers, chairmen and captains invited to be present.

According to Major Lillingston "the Campbell Area covers all of Cambrian Park, Cambrian, Campbell, San Tomas, Moreland, Moorpark, Cherry Lane, Rosemary and is a huge area that is going to require many people to cover if we are to meet the $5000 quota that has been set as our goal.

"The needs of the Red Cross are greater than in many years as Red Cross has dealt with two great disasters this year. The Hurricane and floods in New England cost $16,000,000. December flood disaster in Northern California will cost $8,000,000.

"Volunteers are needed to do office work and to canvass their own areas. We urge interested persons to call the Headquarters FR 8-2494 and offer their services to this fine cause."

BOARD ACCEPTS MONROE SCHOOL ADDITION BID

With the acceptance last Thursday of the low bid for the construction of an addition to the Monroe School consisting of eight classrooms, a shop and home economics buildings, the Campbell Union Elementary School District moved a step nearer to the establishment of the district's second eighth grade unit.

The trustees accepted the bid of the Samuel Barth Construction Company for $182,400 for the construction. Before work can start however, state approval must be obtained. The job is expected to be completed by September and is hoped to be under way in 30 days

According to William C. Henley district superintendent, the addition at the Monroe School will relieve the pressure on the Campbell school, now the only plant in the district handling seventh and eighth grade students. At the present time the school with an enrollment of 300 has grades from kindergarten through sixth. Starting next fall the seventh grade will remain at the school. The year after the school will have grades from kindergarten through eighth It is expected that the enrollment will be doubled over what it is now at that time.

The total enrollment for the district now has reached 5319, the superintendent reports, and in 10 years it is expected to hit between 10,000 and 12,000. There are 10 schools in the district at present and it is contemplated that 17 will be needed to accommodate the enrollment in 10 years.

At the meeting on Thursday the trustees also approved preliminary plans for additions to the Cherry Lane School, two more rooms at the Quito School and an additional eight-room school in the Cypress area north of Stevens Creek Road

The board also voted to create a new post of assistant superintendent of schools, effective July 1 but did not take any action toward filling it.

"NICE GUYS FINISH LAST"

A school superintendent in this district remarked last week that only one of the contemplated schools for his particular district was within the city limits of San Jose.

"That is," he added, "the last time I checked the map."

We think this indicates vividly the attitude of the San Jose city officials who have made "open season" on any uninhabited territory to which they can stake a claim.

A look at a recent map (it has to be very recent because it changes almost overnight) reveals an appalling sight. San Jose with its long arms (or fingers) is continually stretching in an obvious attempt to gobble up every last bit of territory that is available.

Those in charge of these "grabbing" tactics have no consideration of spheres of influence or any other kind of sphere.

Apparently all open land (with less than twelve inhabitants) is fair game to them and nothing (not even good common sense) is going to stop them. It is a disgusting spectacle at its best for those of us who have some knowledge of what people want or don't want in this area. It has been obvious in the past (annexation elections in inhabited areas have proved this) that they don't want San Jose. But under San Jose's grandiose scheme of empire-building the people have no choice.

We think the entire theory of these stretching fingers is all wrong, democratically and economically.

The intent is obvious. The San Jose empire-builders hope to divide and conquer. They hope that by sending out their tentacles they can almost surround closely-knit communities and at the opportune time pounce. Through other devious methods they hope to force the communities to join their "big brother."

It is conceivable then that such methods will continually involve Campbell.

Thus we think Campbell, through its City Council, for the benefit of all concerned will be forced to adopt most of the same sort of measures in order to stay in business.

When Lippy Durocher made the famous remark that "Nice guys finish last," he wasn't thinking of Campbell; but we suggest that our City Council might well take his advice as it applies to annexations.

San Jose wants to play rough. We are forced to play the same way.

In our opinion every possible strip that can be annexed to Campbell should be annexed. It is difficult to be gentlemanly in the relations with San Jose. San Jose isn't about to turn the other cheek.

Lippy is right in this case.

Nice guys CAN finish last.

SAN TOMAS SUMMARY

The old LeFevre property, which has been bought by the Campbell Union High School District for a new high school, is located on Moore Ave. and does not touch any other street, though Lovell, if extended would hit it, according to Mrs. M. R. Grant, who lives there. Several new streets are on the map of the county planning board.

The Smith Ave. Sewing Club held a pot-luck luncheon Tuesday at the residence of Mrs. C. L. Lisenby on Elam. Mrs. M. B. Parker and Mrs. H. G. Blohm, whose birthdays fall in February, were the guests of honor.

Mrs. Tom Smith left her home on the corner of Hacienda and Virginia Tuesday to fly to Wilmington, Delaware. Mrs. Smith's son, George T. Jr., his wife Pat, and their two children, Tom and Sharon are leaving Wilmington for England some time this month, when George's regiment is ordered overseas.

Emmaline Smith, who lives with her grandmother, will be the envy of her classmates at "sharing time" in San Tomas School when she returns from this trip she made to tell her uncle and his family "Goodbye".

Mr. and Mrs. Epperson of Smith Ave. have a new grandson, Steven Allen Epperson, born last week. He weighed 7 1/4 pounds, and lives with his parents, the Floyd Eppersons of 189 Potrero Drive.

Friday the San Tomas Southern Baptist Church on Harriet Ave. will be host to 17 churches of the San Jose area who will meet for an Associational Evengelistic Rally.

In the afternoon from 2 to 5 o'clock there will be workshop meetings preparing for the revivals which will be held simultaneously in these churches from Gilroy to Palo Alto during the middle of March. Area Missionary Roy Young will be present to give help and inspiration.

Supper will be served by a committee from 5 to 7 p. m. of local women, led by Mrs. James R. Warren.

The evening meeting will be inspirational, with Hershell H. Stagg, Secretary of Evangelism of the California Southern Baptists, the featured speaker. The San Tomas Baptist Church Sextet, Lucy Allen, Virginia Kinsella, Louise Thrash, Betty Majerski, Norma Hoover and Geil Davis will be the musical feature of the evening.

CHRISTIAN SCIENCE ANNOUNCES LESSON

The power of Christian healing in all ages will be set forth at Christian Science services Sunday at the library clubrooms in Campbell in the Lesson-Sermon entitled "Christ Jesus".

QUITO QUORNER

The Quito PTA will meet Tuesday, February 28, at 8:00 p. m. in the school cafetorium. Ann Logan and Eleanor Broyles will be in charge of the mothers from Miss Peacock's room, who will serve refreshments.

The regular business meeting will be held, and surplus books from the book drive will be on sale. In addition there will be a Founder's Day Program, and corsages will be presented to the teachers and past presidents.

Mr. and Mrs. James Hurt on Montpere welcomed a son, Kevin Michael James Hurt, Friday. Born at the San Jose Hospital, he weighed 8 1/4 pounds.

Cub Scout Pack 35 went on a trip to Hunter's Point in San Francisco this month. All seven of the dens were represented and 51 youngsters made the trip.

Den 1 was in charge of Alice Jessup and Lucille Raymond, Den 2, Carol and Richard Patrick; Den 3, Tom Pierce and Jack Chaplin; Den 4, Jane and Harry Drees; Den 5, Marian and Al Rueter; Den 6, Mrs. Elma Porter; and the Webelos were in charge of Ernest Porter.

Quito is very proud of the Webelos—the boys who have completed the Cub Scout trail, the Wolves, the Bears and the Lions—the youngsters who are almost ready to become Boy Scouts. Pack 25 originated the idea, and it has been adopted by many Cub Packs of the area. It has proved most useful in bridging the gap between the Cub Scouts and the Boy Scouts.

The Pack will have a potluck dinner for Cub Scouts and their families on Friday, February 24, at 6:30 P. M. in the cafetorium of the Quito School as its Blue and Gold meeting. It will be the fourth anniversary of its founding.

CUHS Paper Drive To End Saturday

George Kemp reports that the paper drive at Campbell High School is still in progress and is asking people who have old newspapers and magazines they would like to contribute to the drive, to bring them to the school bus shed at the high school, located off Winchester Road, next to the administrative building.

The paper drive will contine through next Saturday, and Kemp stated there will be someone on duty to receive old papers at the bus shed through Saturday morning.

Kemp stated that competition between groups in the school is running high and that to date the drive has been quite successful, although no figures were available at press time.

The paper drive is being conducted to benefit the student body fund to pay for student activities.

The Campbell Gambol

SPOT ROAMING . . . In Los Angeles I noticed a place where for a fee they will pierce the ears of your pet dog so that you can adorn the pooch with earrings matching your attire, my curiosity to such a setup having first been aroused when I saw a tall, slim dame meandering along Olive Street holding a lighted cigarette in one hand from which she took an occasional puff, while in the other she held the leash for a French poodle which sort of pranced proudly in front of her wearing dangling earrings of a mauve color that matched the dame's gown . . . another place, near Knott's Berry Farm I noticed selling used houses, each elevated on pilings and displayed like a used-car lot—you buy the lot, build the right foundation and they'll move the house right to it, while just a short distance away is Auction City where they boast they'll sell you anything from diapers to diamonds, toddlers to toupees.

TIME MARCHES ON . . . but memories linger, especially of school days, and I probably walked right into this one in trying to retrace steps from the home I knew as a boy to the classrooms of a four-room school, now one of the large central schools . . . I called on a man who was a classmate and who suggested we call on a lady who was our teacher at the time of our graduation . . . after a while she fished around for a paper which she said I had written as a seventh grade composition, directing a stranger to the school from the nearest street-car about a mile away and bringing out any landmarks . . . I told about a cement walk leading to the train tracks and some fan palms along the walk that had sharp thorns to cut you if you got too close, and down a dirt path which I had helped carve from a hillside to a path across a field, then over a street and through woods of willows and wild grape vines, to the baseball field then along the first-base line toward a tall, fat sycamore tree that had no low branches and I claimed that no one had yet been able to climb it, but near the bottom, my composition stated, there were carvings of initials and dates, one of the largest being of an arrow drawn through a heart, the arrow pointing in the direction of the school which was on a hill, and I warned that it would be best to take the path to the left side of the ravine because it wasn't so steep and did not have so much poison oak, unless one was in a hurry and wanted to zig-zag up the steeper hill which led to the back of the school where the ball games were played . . . just why this composition was treasured by the teacher, I never knew until on leaving, my classmate told me the heart and arrow had something to do with her early life.—L. E. L.

Alcoholics Topic Of Service Clubs

At a joint meeting Tuesday of the Campbell and the Cambrian Park Kiwanis Clubs in the Country Woman's Clubhouse, Max X. of Alcoholic Anonymous spoke on the power of mind to overcome a challenging handicap. Nick Filing was the student guest from Campbell High School. Other guests included Myron Fairchild, guest of Carl Field; Warren Janad, guest of Ross Trowbridge; Chester Rogers of Willow Glen, Kincaid Kelso of West San Jose and Howard Guilbert of the San Jose Club.

From the Cambrian Park Club were Berkeley Mathews, Rolland Risso, Richard Cox, G. J. Elliott, Richard Jones, Rev. Jenkins, Dr. Kenneth Henrikson, Rudy Mirassou, Charles Street, Dr. Robert Panick, Kenneth Downing, Dr. Robert Moore and Bernie Dale.

Speaker for the meeting here next Tuesday noon will be Mrs. Wesley Lindsay, member of the Board of Directors for the Eastfield Home For Children. Steve Goodman will be program chairman.

Pentagon Problems

The huge Defense Department building across the Potomac River from Washington, generally known as "The Pentagon", holds a lot of mysteries to the uninitiated. There are countless stories about people who got lost in its maze of corridors and ramps.

Not the least of the mysteries concerns the uniforms generally found in the Pentagon. Aside from the khaki, green, blue, white, olive drab and other shades worn by American forces, foreign uniforms may be seen in colorful profusion, and when it comes to decorations, only an expert can tell whether a given ribbon signifies extreme valor or faithful service.

The other day, an army colonel visited my office. He was a rugged-looking man wearing the insignia of the tank corps. His chest was covered with several rows of ribbons, topped by the Distinguished Service Cross, second-highest decoration our nation can bestow. The most intriguing medal, however, was an enameled crest, showing an American Eagle. It was worn pinned to the right breast pocket of the officer's tunic. Considering the fabulous array of combat decorations, I was sure that the crest represented the crowning achievement, and inquired what it was. "Oh that," said the officer with a half-way disparaging gesture. "That's what you get for serving for two years on the General Staff in the Pentagon!"

Confidential

Pentagonians are only too prone to stamp every paper within reach secret, confidential, top secret, restricted etc. I recently requested a booklet from the Navy which had been asked for by a constituent. When it arrived, there were receipts to be signed, and out of the double-envelope came the harmless little manual, plainly marked "confidential".

Naturally, I don't want classified documents around the office, let alone send them out, but when I called the Pentagon, I was told the pamphlet had been declassified long ago. Nevertheless, they sent an armed messenger over a short while later, he handed me a receipt, stuck the declassified document back into its shrouds, pocketed it, and departed for Headquarters.

The first successfully used submarine was launched in 1897.

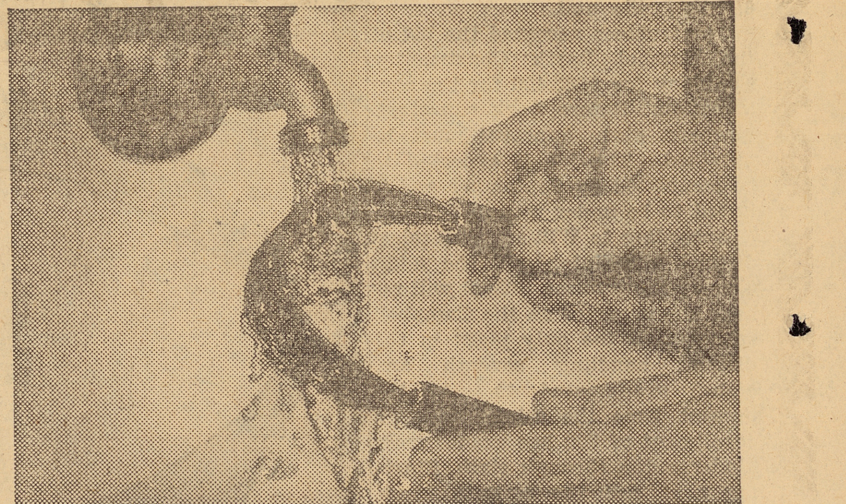
WHAT'S DOING

T. K. Nordheim, your Telephone Manager in Campbell



New cables have built-in "raincoats"

Inside the telephone cables that carry your calls are many tiny wires. They're the "voiceways". Now, in the picture above, these wires are getting a good dunking under the faucet, as you see. But they're still dry. For each pair of wires is covered with a plastic "raincoat". Paper was once used for this job in all cables. But now we have a new and economical way to put on plastic covers. Result: Even if harmful water should get into one of the new cables, there's an added safeguard to protect your calls. The men and women of Pacific Telephone work to make your telephone more useful every day.

Here's a new, faster way to send flowers out of town. Just ask your florist to telephone your order. He will call the distant city and arrange for delivery of your flowers before you leave his shop. If the flowers you want don't happen to be in stock, it's easy, by telephone, to change the order. You'll know the flowers you send will arrive on time, too. Florists who offer this new service display an emblem with the words "We speed flowers by telephone" on their window. We think you'll enjoy patronizing them.

BRUCE ALLEN TO SPEAK AT MEET

Assemblyman Bruce M. Allen will discuss legislation pertinent to education in the area, at the meeting of Moreland Citizens Advisory Committee next Monday at 8 p. m. in the Moreland School cafetorium.

An informal question and answer period will follow the discussion and citizens and parents in the district are invited to attend and participate in the discussion.

Sal Millan, vice president of the group, will preside at the meeting and introduce the guest speaker.

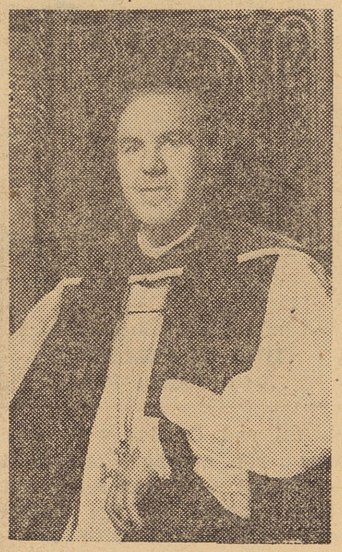
Episcopal Bishop To Visit Church

The Rt. Rev. Karl Morgan Block, Episcopal Bishop of California, will visit Cambrian's new St. Edward's Mission on Sunday at 3:30 p. m.



BISHOP KARL BLOCK
. . . To Visit Sunday

At that time he will explain to St. Edward's members and friends the necessary steps to be taken to start an Episcopal parish in the area. Bishop Block will also tell the group what type of aid and help it can expect from his office.

According to James Hoyt, 3180 Calzar Drive, Hacienda Gardens the Mission hopes to hold its first services on Easter Sunday. A seven-room ranch house on the Mission property at Union Avenue and Branham Lane is being reconverted for use as a chapel and parish house. The Bishop's visit and reception Sunday will take place in the building.

Hoyt said that an altar and some of the other needed fixtures for a chapel have been obtained from Grace Cathedral in San Francico. Persons interested in the Mission can contact Hoyt at ANdrew 9-1310 or Dick Cox at ESsex 7-0610.

Mendocino County, one of the 27 original counties, remained attached to Sonoma County until 1859.

Menendez spoke to the group about different tactics in boxing and also stressed the advantages of teaching boxing in schools.

"A" and "B" tournaments will be divided into two brackets of five teams each and will play a four-game round robin in their bracket. Teams scoring the highest total number of points in each bracket will play each other in a final game.

Campbell Grammar School faculty members will referee the games, and Campbell Kiwanians will be scorekeepers and timekeepers.

The Kiwanis Club is inviting coaches and officials to a lunch, following the games.

Joe Stein, physical education consultant for the grammar school district, is in charge of making arrangements for the event.

All parents and the general public are invited to attend.

Chalk Talk Starts Buc Netmen's Season

Fred Gugat, Campbell High School tennis coach, and his netmen in preparation for dry days when they can use their rackets and their heads at the same time, out on the courts have been holding chalk talks inside.

The Bucs hope for a strong team this season, especially when Gene Andres and Art Hill, still out for basketball, join the squad.

Returning lettermen to Gugat's "nine" (this year the SCVAL returns to a nine man tennis squad, five single players and two doubles teams) include Tom Goulding, John Davis, Nat Meleen, Norman Wright, Gil Rodriquez, and Mark Wright. Missed will be Kevin Gugat, Mark Wright's great 1955 doubles partner (Gugat and Wright had a 10-0 record in last year's SCVAL play); Gugat is now at Camden High.

Other returning CUHS netmen include Don Brown, Don Griffey, Bill Myer, Lance Mortensen, and Bill Powell. Also trying out are Bruce Batchelder, John Chionchio, Bruce Johnson, Bib Sinclair, and Carl Wilcox.

Pillette Gets Offer To Join Cleveland Team

The Cleveland Indians, one of the top contenders for the American League championship in the 1956 season, have offered Duane X. Pillette an opportunity to join their mound staff at Spring training next month, according to the Sporting News, a baseball publication.

Pillette, whose home is at 14646 Cole Avenue in Cambrian Park, is owned by the Buffalo team of the International League. He has been granted permission to work out with the Indians along with Sam Mele, an outfielder who was released by the Cincinnati Reds.

Back in 1954 the Indians offered Hal Newhouser an expense-paid trip to their training camp at Tucson, the same offer as made to Pillette and Mele, and that year Newhouser was a starting pitcher aiding them to win the pennant.

Pillette had a sore arm last season causing the Baltimore Orioles of the American League to send him to Oakland where he won two and lost three games. He has told Hank Greenberg, owner and Al Lopez, manager of the Cleveland Indians that his arm is now all right.

Hank and Lopez remember how effective Pillette was two seasons ago when he won ten games for the tail-end Orioles with a 3.12 earned run average, one of the best in the American League. Lopez is quoted by the Sporting News as saying Pillette, a right hander could be a great relief pitcher for the Indians in 1956.

Cagers In Final

Campbell and Washington High Schools will meet on the Campbell basketball court this Friday night and both teams will be putting the same league record on the block. Each has won only one game in league competition and have been defeated four times.

The game with Washington will wind up the Buc cage season for both the varsity and 30's, and the local teams are anxious to gain victories so that their showings for the season will be a little better for the record books.

GIRLS HOLD SPORTS DAY IN LOCAL GYM

Today is Girls' Sports Day at Campbell High School. The event will take place between 3 and 5 p. m. in the Girls' Gym. This is an opportunity for Buc Co-eds to develop teamwork, skills, and to meet girls' sports members from other high schools.

One Campbell team today will include Stella Bishop, Joyce Bangert, Judy Filkel, Nan Gault, Nancy Hertrick, Carole Pryor, Phyllis Quick, Adrienne Yamamoto, and Harriet Yoshida.

The other CUHS team will be made up of Jan Whitney, Darlene Albright, Carol Barge, Pat Dobbs, Ann Hirose, Rita Mastropietro, Barbara Schwenke, Barb Surian, and Donna Whitaker.

Roosevelt High School of Fresno won the team crown with 61 points. The best Campbell could do was grab the fourth spot by scoring 39 points. Runnerup honors went to Palo Alto with 42 and Hayward third with 39. Tulare, last year's champion, was breathing on Campbell's heels with 29. Camden picked up 10 points at the meet where 124 wrestlers took in 160 matches before 900 fans.

Roosevelt, the new champion, had three individual champions, Fremont's Joe Bermudez successfully defended his 138-pound crown and Ron Wingo, of Oakdale, who won the 154-pound class last year, grabbed the 165-pound job this year.

Practice Teacher Here Signs With Pro Baseball Club

Jack Richards, ex-San Jose State diamond star, now doing his practice teaching at Campbell High School, became the tenth man to sign a contract with the Santa Clara Valley Baseball Club when he inked his contract this week, according to Bill Tunnell business manager.

The flashy second-baseman, who had been invited to spring train with a number of Pacific Coast League nines, signed a bonus contract with the local club of an undisclosed amount.

Richards, currently playing second base and batting over .300 for the undefeated Southside Market team of the local Winter League, was team captain for the Spartans last season.

"The boy came highly recommended to us," said Tunnell, "We're very happy to get such a talented ball player. Richards teamed with Ray Avansino at shorstop should give us a wonderful double play combination."

Richards is still completing work for his teaching credential which he will receive in June.

In addition to Richards, the local nine has the signed contracts of Dick Whitman, player-manager; Ben Gonzales, pitcher-outfielder; Jim Lee, pitcher; Cliff Allmon, pitcher; Ernie Sierra, infielder; Don Gile, first baseman-catcher; Bill Sperling, pitcher; Bob Poole, catcher; and Avansino, shortstop.
